	6111	Virginia	V-401					My info came directly from Continental. I not only can show the original delivery information but also the history of each coach during its time in the Trailways system, which is rather unique. There are a few coaches that I can't track the full history of so feel free to lend a hand if you can. If you have any additional information, please send me a Personal Message through the forum.

<i>Here are the American Buslines division codes in the 5 digit system: 25: Los Angeles (LA) 26: Southwest (SW) 27: Mid-A (MA) 28: Cheyenne (CY) 29: Eastern (EA) The codes are only for buses delivered, new or used to the various American divisions. Only the first delivery counts. If a bus was delivered new to Los Angeles and later transferred to, say,</i>	6128	American Buslines EA	6747	29705				
	6129	American Buslines	6748					Note that certain Trailways Affiliate Operators such as Queen City, Smokey Mountian, Carolina Scenic and Tennessee Coach were not part of Continental Trailways at the time they bought their first Eagles. I have shown them as part of the Continental system because they were later bought out by Continental and their Eagles were included in the 1969 Continental fleet numbering plan. This also applies to the Flixible coaches listed earlier.

Eastern, only LA will be shown. Same if a used bus was delivered to Midwest and then moved to American MA, only Midwest will be shown. Note that none of American's five Silver Eagles shown here had the two letter codes because none of them stayed with American after 1969.	6146	American Buslines MA	6744	27714
