When Continental discontinued the Five Star Luxury Service on board the Golden Eagles the coaches were converted to the standard Silver Eagle configuration at the Trailways shop in Bedford, Virginia. Only two Golden Eagles escaped this fate. One was 13303 from Central Lines. The interior was changed to a sleeper layout for ski charters but the outside was not changed. The other one was 42303 from Continental Panhandle Lines in Amarillo, Texas. That coach was unchanged and was used for preimum tours and charters, sometimes with John Hecket (who owned half of Panhandle) as the driver. Panhandle had the best maintenance shop in the Continental system and a lot of loving care was doted out on this coach. When the time for retirement came around, it got donated to the Museum of Bus Transportation in Hershey, PA where it rests today.

And talking about Golden Eagles, take a look at Southern's 15305. After a while she was moved to Central Lines as 13305. At the end of the Five Star service she was converted and got the number of 13913. Better yet, her frame number was 8413.
