## PRESIDENT'S MESSAGE

Greetings Eagle International members. Hope everyone is doing well and having fun. For me this is good weather to be working on the bus (inside).

This year has been a good year for rallies. Mel and Trish Legg hosted one in Nebraska City Nebraska, and Jim and Denise Hufford hosted one in Branson Missouri. It is amazing to me the amount of work that each couple put in, but it showed and was certainly appreciated. Jim and Denise are working on a rally for next year, and I will put a little information in this newsletter.

Be well until we meet again.

## *Nebraska City, Nebraska Rally*

Nebraska City is on the Missouri River next to Iowa. There is quite a bit of history here.

Thursday everyone arrived and visited and caught up. Friday we went to Lewis and Clark museum and then to Kimmel Orchard and Vineyard, followed by a bonfire and true stories. Saturday us guys went to the Kregal windmill museum. I really liked this, this is where they made Eli windmill among other things for several years, it is still in working order. I'm going to let Elaine tell you what the girls did, here she is:

"While the guys were at the windmill museum us girls caravanned to town and had brunch downtown at The Keeping Room. a unique restaurant/boutique. The meal was served on Polish Pottery, which was special. Then we went to the Wildwood Historic Center and toured a home built in 1869. The house was decorated for Christmas with decorations from that time period. Our hostess was also dressed for that time and gave a wonderful and informative tour. It was fun to see how our "great-grandparents" may have lived."

Ok I'm back. For supper that evening we ate at Whiskey Springs in Iowa, followed by bonfire and more true stories. Sunday we just did our own thing til supper where Mel cooked his famous brisket, pork roast and baked beans, then bonfire and true stories. Monday we headed out to Branson. Mike and Susan Groves threw out the welcome mat so several busses stayed at their place in Kansas City on the way to Branson.

Branson is one of my favorite places.

Wednesday everyone arrived. Jim and Denise along with Eric and Karen cooked hamburgers and pies with homemade ice cream made by David Anderson, followed by karaoke (bet you thought I was going to say bonfire and true stories.) Thursday we ate lunch at Finley Farms in Ozark Jim had supper catered and several went to see shows, then bonfire and true stories. Friday we divided forces boys went to farm sale and girls went to tea room, Then the cooks (Jim, Karen, Eric, Denise) cooked Mississippi catfish. This sounds easier than it was, followed by bonfire and true stories. Saturday we did our own thing til supper where we ate at College of the Ozarks, followed by bonfire and true stories (After hearing some of these stories for the tenth time I wonder) Sunday we went home.

Thanks to Mel, Trish, Jim, Denise, Eric, and Karan for a job well done!
